Status Report No.: 1

On May 3, 2018, Mountain Valley Pipeline, LLC submitted a request to use the Federal Energy Regulatory Commission’s Pre-Filing review process for the MVP Southgate Project (“Project”). In a letter dated May 15, 2018, the Commission subsequently approved Mountain Valley’s request and assigned the Project to FERC Docket No. PF18-4-000.

This Monthly Status Report provides a brief summary of recent Project activities, including surveys, stakeholder communications, and agency consultations, that have occurred during the reporting period.

Project Scope, Filings and Schedule

Mountain Valley is seeking a Certificate of Public Convenience and Necessity from the FERC pursuant to Section 7(c) of the Natural Gas Act to construct and operate the MVP Southgate Project located in Pittsylvania County, Virginia and Rockingham and Alamance Counties, North Carolina. Mountain Valley proposes to construct approximately 72-miles of 24-inch-diameter natural gas pipeline, two proposed compressor stations, and four meter (interconnect) stations and other ancillary facilities required for the safe and reliable operation of the pipeline.
